JACK NICKLAUS'

GREATEST 18 HOLES OF MAJOR CHAMPIONSHIP GOLF™

Designed by Ned Martin, Sculptured Software

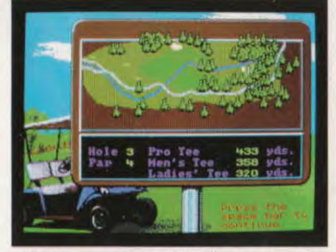

Tee off on the most challenging 18 holes of major championship golf with Jack Nicklaus, the master who personally chose each one.

This is undoubtedly the most realistic and visually striking computer golf game ever made. No other game can match its graphics or its features.

- Play 18 holes from celebrated golf courses where the four major championships have been contested: Augusta, Baltusrol, Muirfield, Merion, Oakmont, Pebble Beach, Riviera, Royal Lytham and St. Andrews
- Play two more courses designed by Jack Nicklaus: Castle Pines, Colorado and Desert Mountain, Arizona.
- Play against a computerised Jack Nicklaus with skills patterned directly after the champion's own game.
- Play with one to four people, or a variety of computerised men and women golfers.
- Choose stroke play or skins scoring—hot from America.
- Choose beginner or expert levels on the pro, men's or ladies' tees.
- Strive against the effects of wind direction and intensity.
- Contend with rolling hills which give you uphill and downhill lies.
- Encounter random pin placement. No hole ever plays the same way twice.

Play the breathtaking 8th at Pebble Beach, and find out why the second shot of this Par 4 is Jack's "favourite shot in all of golf." Go head-to-head with the Golden Bear on "the most dangerous short hole in golf"—the 12th at Augusta National.

It's you against the greatest golfer of all time—playing the greatest 18 holes in the world.

What's one reason Nicklaus wins the Majors? He devours every hole. You can too with these aerial close-ups. Every detail is there: multiple tees, trees, fairways, rough, greens, hazards. Baltusrol for breakfast. Oakmont for lunch.

Tee to green, the best scenery in computer golf. But Nicklaus doesn't play greenery, he grapples with the elements—wind, water, blind holes, hills, doglegs left and right. Grab your clubs. You're in combat at Merion.

Admire Nicklaus' legendary concentration? You're going to need it too. The greens at Augusta are fast and rolling. You'll have to read the break perfectly and strike with a master's touch. Take a leaf out of Jack's book.
